Hi all,

I hope everyone is doing well.

I'm writing you all to ask for each of your permission to include our JOM 2021 paper "Integrating In Situ x-Ray Imaging, Energy Dispersive Spectroscopy, and Calculated Phase Diagram Analysis of Solute Segregation During Solidification of an Al-Ag Alloy" as a chapter in my thesis. If everybody agrees, I will include each of your responses in an appendix in my thesis. A simple email response will suffice!

Thank you,

**C. Gus Becker** (he, him, his)
